Dracey Maxwell

TERMINAL DISCLAIMER

Commissioner for Patents
Washington, D.C. 20231

Sir:

Petitioner hereby disclaims, except as provided below, the terminal part of any patent granted on the above-captioned application, which would extend beyond the expiration date of U.S. Patent No. 6,097,811 filed on October 11, 1996, (hereinafter, "the Other Patent"). Petitioner hereby agrees that any patent so granted on the above-captioned application shall be enforceable only for and during such period that it and the Other Patent are commonly owned. This agreement runs with any patent granted on the above-captioned application and is binding upon the grantee, its successors, or assigns. The Petitioner is the sole inventor and sole owner of the entire interest in the above-captioned application and the Other Patent.

Petitioner does not disclaim any terminal part of any patent granted on the above-identified application prior to the expiration date of the full statutory term of the Other Patent in the event that the Other Patent expires for failure to pay a maintenance fee, is held unenforceable, is found invalid, is statutorily disclaimed in whole or terminally disclaimed under 37 CFR 1.321(a), has all claims cancelled by a reexamination certificate, or is otherwise terminated prior to the expiration of its statutory term, except for the separation of legal title stated above.

Respectfully submitted,
HUTCHINS, WHEELER & DITTMAR
